

# High Head Submersible De-watering pumps

## HERCULA SERIES

### Additional Protection

1. Temperature Sensor
2. Moisture Sensor - Mechanical Seal
3. 4 Bearing System

### Control Panel

1. ABB VFD based system
2. Temperature relay for auto cut off
3. Warrick moisture sensor cum relay

### Material of Construction

1. All wet parts SG 500/7
2. Impeller 316L
3. Dual class winding
4. HO7RNF
5. 6 wire data cable
6. Twin Mechanical Seal (Tungsten Carbide)
7. Stainless Steel Mesh
8. Cable length 10 mtr (35mm x 4) for DOL  
Twin cable optional for star delta
